

## HTML Project Personal CV Individual Assignment

This lab focuses on HTML, the markup language to produce web pages. Review the html tags from the slides on eLc.

### Project setup: (4 pts.)

1. **Create a folder** named **cv**.
2. In the cv folder **create a folder** named **images**.
3. Inside the cv folder, **create 2 files**: a file named **index.html** and a file named **contact.html**.
4. Inside the images folder, put a **jpg image** of yourself (a headshot).

### Building the content of the index.html page:

1. Insert the html 'boilerplate' in your **index.html**. (3 pts.)  
The boilerplate may be auto-completed in VSCode or similar IDE or you may copy it from the boilerplate code in the starter\_html on eLc. The boilerplate should include the doctype, html, head, title and body tags. Meta tags and links are optional.
2. Insert *your full name* in the page **title**.(1 pts.)
3. Add the following elements and content to your index.html page.

HTML Element	Content	Points
nav open		1
paragraph	<i>Contact your_name</i>	2
a link	Make the 'Contact your_name' paragraph a <b>link</b> to <b>contact.html</b> . Use a relative path.	4
nav close		1
section open		1
level 1 heading	Your full name	2

<b>level 2 heading</b>	A tag line describing what you do	2
<b>section close</b>		1
<b>section open</b>		1
<b>Image</b> with appropriate alt tag	yourself, sized appropriately, linked with a relative path to the images folder.	5
<b>level 2 heading</b>	<i>'hello'</i> or similar greeting	2
<b>a paragraph</b>	One or two sentences that describe you and what you are interested in doing	2
<b>horizontal rule</b>		1
<b>level 2 heading</b>	<i>About your_name</i>	2
<b>level 3 heading</b>	<i>Languages</i>	2
an <b>unordered list</b>	Your languages	4
<b>level 3 heading</b>	<i>Leadership and Experience</i>	2
a <b>definition list</b>	from/to date and job	4
<b>link(s)</b>	at least one of the jobs a link to the company website. Use an absolute path.	3
<b>level 3 heading</b>	<i>Skills</i>	2
a <b>definition list</b>	Your skills with appropriate <b>emojis or character entity</b> next to each skill to indicate how well versed you are in each skill.	6
<b>section close</b>		1
<b>footer open</b>		1
<b>character ©</b>	the <b>copyright symbol</b> and your name	3
a <b>link</b>	Make the 'your_name' a <b>link</b> to <b>contact.html</b> . Use a relative path.	3
<b>footer close</b>		1

## Building the content of the [content.html](#) page:

4. Insert the html 'boilerplate' in your **content.html**. (4 pts.)
5. Insert *contact your\_name* in the page **title**. (2 pts.)
6. Add the following elements and content to your **contact.html** page.

HTML Element	Content	
nav open		1
paragraph	<i>About your_name</i>	2
a link	Make the 'About your_name' paragraph a <b>link</b> to <b>index.html</b> . Use a relative path.	3
nav close		1
level 1 heading	<i>Contact yourname</i>	2
paragraph	your address.	2
linebreak	between the street address and the city, state	1
paragraph	your phone number	2
horizontal rule		1
form	Set attributes: <b>action</b> <i>mailto:youremailaddress</i> and <b>method</b> <i>post</i> .	4
To the form add:		
input with type <i>text</i>	<i>Name</i> (before the input box)	2
input with type <i>email</i>	<i>email</i> (before the input box)	2
Textarea with appropriate width and height	<i>message</i> (before the textarea box)	2
input with type <i>submit</i>	submit	2
footer open		1
character ©	the <b>copyright symbol</b> and your name	2
a link	Make the 'your_name' a <b>link</b> to <b>index.html</b> . Use a relative path.	2
footer close		1

## Submission

Zip the **cv folder** and submit the zip to the assignment dropbox on eLC. A zip of the project files is the only submission type that will be graded.
